Where does etaxesindia fit in !!!!

What we are not.....

- We are not an investment portal
- We are not into trading of securities, mutual funds etc
- We are not into online trading
- We are not even remotely focused into securities
- We don't provide e-filing of returns and are more than just filing

- We do not help “evade” taxes rather we try and “**plan to save**”

So what we are.....

- We are a facilitator for providing services related to tax and investment planning
- We provide services in order to maximise consumer financial needs while minimising tax
- **Our on-line model facilitates speed of consumer delivery while our off-line support provides the expertise**

Our Online Model

- Provides the customer information on his fingertips such as financial and tax calculators, reminders, information, etc
- Financial newsletters, articles, online query handler.....
- Provides a gateway for the company to reach the customer quickly
